The Event
Join us for an exciting program focused on the cornerstones of separation science: data analysis, separation science theory and implementation.

The event will kick off with keynote lectures by **Dr. Fabrice Gritti** (Waters Corp.) and **Prof. Peter Horvatovich** (Rijksuniversiteit Groningen).

The Program

13:30 - 13:45
Keynote lecture by Dr. Fabrice Gritti: "Meeting Between Antagonists: Ultra-High Resolution Semi-Preparative Liquid Chromatography"

13:45 - 14:30
Keynote lecture by Prof. Peter Horvatovich

14:30 - 15:00
Liana Roca (UvA): "Modelling retention of peptides in HILIC separations for proteomics applications"

15:00 - 15:15
Short Break

15:15 - 15:45
TBA - PhD student lecture (VU)
